## evaluation?

Regional Procurement offers your Council an independent probity audit service and can tailor our review process to your specific needs. Our Quality Assurance officer – Michelle Partland is experienced in this area. Both Michelle and I would be involved in the probity audit process and your Council will be provided with a report outlining any process improvements needed to ensure that all the appropriate boxes are ticked.

We value your feedback and look forward to be of service to our valued member Councils with new enquiries always welcomed.
