2018

a regular insight into the world of procurement

Message from the Manager

Dear valued Council clients and Industry Partners,

2018 has been a fantastic year for Regional Procurement. We have seen an increase in the use of our Probity Services as well as an overall increase in the number of Fee for Service tenders called on behalf of our client Councils.

This, together with the general appetite for Councils to secure best value outcomes from the tender process, has seen a jump in demand for our services!

I wish to thank you for your continued and ongoing support and use of Regional Procurement as a provider of procurement and tendering services.

My team wish you all a very safe and merry Christmas and a safe and happy New Year. We look forward to again working with you all in 2019.

Regards,

Peter Salafia
Manager
Regional Procurement Initiative

Online Login Portal

[Click here to register for our online portal!](#)

We are excited to announce we have recently launched a brand new Industry Partners Login Portal which is now available.

Our original Council Login Portal has been extremely well utilised making our process more streamlined and effective when it comes to distributing executed contracts, current price schedules and other relevant information. We have had many requests from suppliers for a single 'go-to place' to access all current contract documents. By working alongside our website developers, Regional Procurement was able to expand the Council Portal to include our valued Industry Partners starting NOW!

The sign up and login process will be the same for both Councils and Suppliers. To sign up, simply click the link above, enter your details, click "Submit" and you will receive your new login via email within 24 hours. Make sure a council/company email address is used as this is needed for registration.

*****PLEASE NOTE: All price schedules will now be uploaded to the portal only and will no longer be individually emailed to each supplier when a variation is due. For access to all current schedules, please register for a portal login.*****

If you have any questions regarding our new online portal, please contact Support Services on (02) 4978 4010 or email admin@regpro.com.au.

Thank you!
