

REGIONAL PROCUREMENT INITIATIVE®

A division of Hunter Councils INC.

July 2013 Council Newsletter

Edition

1

Message from the Manager

We are coming to the end of another financial year and Regional Procurement continues to deliver beneficial outcomes to our member councils. Our team will continue to focus on you, the customer, whilst endeavouring to improve our levels of service. As the manager it is my responsibility to ensure that all of our valued clients have a positive experience when dealing with any member of the Regional Procurement team.

It is your continued support that proves we are delivering a quality service and we acknowledge that. We intend to continue providing a consistently high level of service with the clear intention of retaining the business of our valued clients.

We have recently undertaken a comprehensive customer survey and have reviewed the results. We have addressed the areas identified as requiring improvement and this will be noted in the forthcoming financial year.

I trust that in 2013/2014 we will again deliver quality outcomes to your

councils and be the provider of choice for tendering services.

HUN

- Ductile Iron Cement Lined Pipes
- Water Treatment Chemicals
- Mobile Garbage Bins
- Bitumen Emulsion

Letters of Agreement

Letters of Agreement (LoA's) are an informal arrangement between Regional Procurement and some Industry Partners. The LoA is NOT a formal contract, is not binding and does not in itself create a relationship between our member councils and the Industry Partner. It is intended to provide our member councils with access to a selection of suppliers that are willing to provide quotations for goods and services valued at less than \$150,000. Suppliers that have signed a LoA with Regional Procurement may be contacted to provide quotations to our member councils in addition to suppliers already known to Council. This competition should provide better outcomes for our valued member

councils.

Where such quotation amounts exceed the mandatory \$150,000 Local Government (General) Regulation threshold then a formal tender must be called by the member council unless the goods or services are being provided under an existing Regional Procurement contract already endorsed by Council. I commend our Industry Partners program to all member councils and expect that suppliers who have committed to a LoA will provide competitive quotations.
