Message from the manager

Peter Salafia
02 4978 4044
peters@regpro.com.au

As the manager of Regional Procurement, I am given the opportunity to have my 'say' every month via this newsletter. Too often the opportunity passes without due thanks being passed on to my dedicated team. They are the reason why Regional Procurement has retained its position as a leader in local government contract management services.

The direct services we provide to our valued suppliers are many and varied. It is the 'behind-the-scenes' services we provide that I would like to touch on to give you a brief insight into what my team do.

Quality Assurance

Our Quality Assurance officer, Michelle Partland, ensures that all Regional Procurement procedures and policies are regularly reviewed and updated

as and when necessary. Michelle conducts regular audits of our processes as part of the ongoing quality management program to ensure compliance to AS9001:2008.

Support Services

Our Support Services team is headed up by Sarah Oliver. Sarah and her team are responsible for ensuring that our three Account Executives are provided with all the necessary support to provide thorough support and feedback to our valued industry partners. The Support Services team also have responsibility for maintaining our extensive database that holds information on the following:

- Certificates of currency for workers comp, motor vehicle and public liability for all suppliers we have contracts with.
- Contact details of individual supplier representatives and member council officers
- Contract price variation details such as frequency of variation ie: quarterly, annually, on demand, etc and type ie: C.P.I, Tex Report, London Metal Exchange, etc
- Contract start and end dates including optional extension periods and so on

It is this type of 'behind the scenes' work that keeps Regional Procurement at the top of our game and ensures that our level of service to you, our valued industry partners, is maintained to as high a standard as possible.

Your continued support is appreciated and I trust that we will retain that support into the years to come.

The Regional Procurement team attended Civenex 2014, here is a photo from a scissor lift.

**Level Two
Industry Partners**

Regional Procurement welcomes suppliers to apply to be a Level 2 Industry Partner. This offers an informal agreement between Regional Procurement, our member councils and the supplier organisation and entitles the supplier to have their details

**In the
Spotlight!**

Regional Procurement seek to bring one supplier to the spotlight in each Council Newsletter. With this "Spotlight" we aim to promote suppliers on

listed on our website and shown on the Council Newsletter.

If you are interested in becoming a partner please visit our website for more information.
